DESCRIPTION OF LOGO OF SWAMI RAMA HIMALAYAN UNIVERSITY

Starting from the top, the four pillared building is resting on the foundation of an open book. The four pillars represent the four *Purusharthas* or aims of human life, namely, *Dharma* (Ethical living), *Artha* (Material Prosperity), *Kama* (Emotional Fulfilment) and *Moksha* (Emancipation) and the open book indicates the foundation of learning. Taken together, this part of the logo represents an institution of learning that can help the students achieve the four aims of life by schooling them in moral, practical, emotional and spiritual values and knowledge

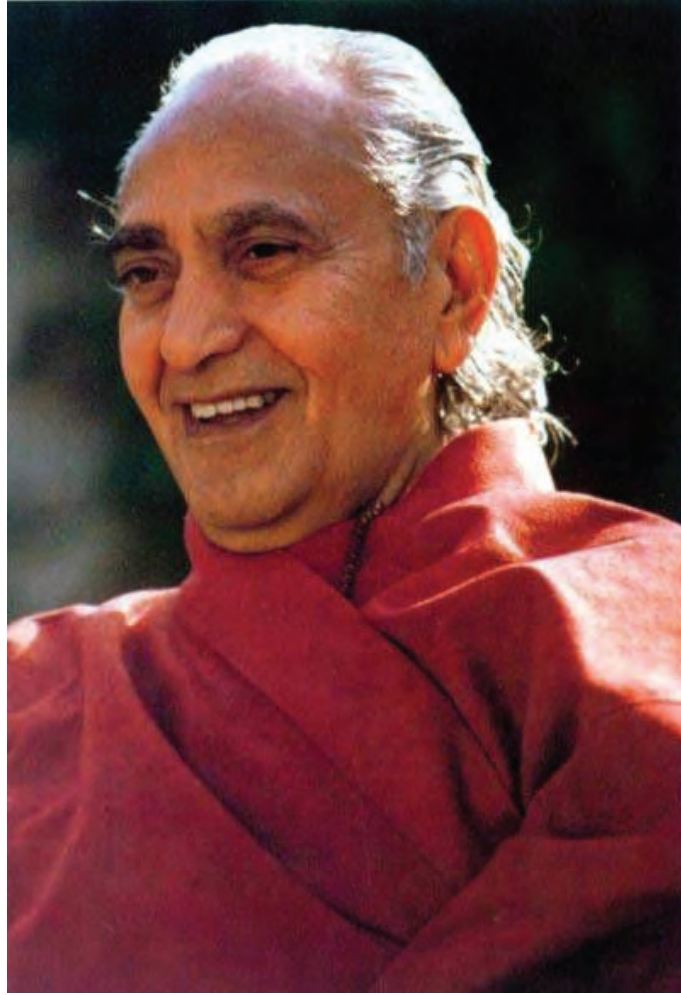

The Sanskrit words, “*Yogaha Karamasu Kaushalam*”, is from the Bhagavad Gita and defines Yoga as perfection in action. H.H. Swami Rama was an ardent advocate of acting skilfully, selflessly and lovingly. The lamp at the center signifies the light of knowledge.

The swan is a classical symbol in India of *buddhi* (faculty of discrimination), as it is believed that a swan can separate milk from a mixture of milk and water. The University would like to impart this quality of *buddhi* to its students

The lotus is another classical Indian symbol signifying being rooted in the practical world but blossoming into the light, like the lotus, which grows in marshy soil but blossoms facing the sun above. The saffron color of the lotus is symbolic of going beyond the outer world to the inner spiritual world.

The words “Love, Serve, Remember” represent the motto given to us by H.H. Swami Rama. He exhorted us to serve our fellow beings lovingly, remembering that the same ONE dwells in each of us and that service to our fellow beings is the best form of worship of the Divine.

The shield represents our protection by knowledge in the battle against ignorance.

H.H. DR. SWAMI RAMA

A JOURNEY FROM FINITE TO INFINITE

GRATITUDE

Behind the success of every University, there lie cumulative efforts of innumerable people who have contributed immensely in different ways.

Firstly, we would like to acknowledge with fond remembrance our Gurudev His Holiness Dr. Swami Rama who by his visionary forethought had envisioned the seeds to serve this for people in great medical, economic, and social need.

We express heartfelt gratitude to all the members of “Himalayan Institute Hospital Trust” (HIHT), the Promoting Society of SRHU, for their enthusiasm and dedicated work which have made this University grow year upon year.

We highly commend the contribution, guidance and insightful leadership of Tan Sri Datuk Dr. Mohan Swami, Hon’ble Chancellor which had always been a source of inspiration to scale new heights of excellence.

Our sincere acknowledgement to all the members of Board of Governors, Board of Management and other authorities for helping us in achieving excellence throughout the journey.

We are grateful to the University Grants Commission, Ministry of Human Resource Development and Government of Uttarakhand, for their mentoring, guidance and time to time support. We are thankful to the dedicated efforts of University officers and executors of daily affairs who enabled the University attain new landmarks.

We extend our sincere thanks to the Deans, Principals, administrators, faculty members and non-teaching staff of all the constituent colleges/schools/academic units for their constant support and co-operation.

SWAMI RAMA HIMALAYAN UNIVERSITY
WELCOMES YOU

Introduction

EVOLUTION OF SRHU

Swami Rama Himalayan University (SRHU) has been established by Himalayan Institute Hospital Trust (HIHT), Promoting Society of the University, under section 2(f) of UGC Act and enacted vide Uttarakhand Act No. 12 of 2013. The University has been founded by the Promoting Society to carry forward the legacy of its founder H.H. Dr. Swami Rama. This visionary sage conceived, designed and established HIHT to translate all his dream projects into reality for the benefit of mankind and who remains a guiding force for us in turning the barren land of the foothills of Himalayas into a medical and educational city.

The SRHU purports to provide education, training and enable research in areas of medical sciences, dental sciences, allied health sciences, pharmacy, nursing, management studies, science, engineering & technology, rural development, humanities, law, yoga sciences and other areas of higher education.

SRHU is self financed and a 'Not for Profit University'. It is functional in an eco-friendly 200 acres campus with residential and recreational facilities. The academic functioning is backed by a large faculty base consisting of intellectuals, academicians and researchers. The courses/programmes offered by SRHU concentrate on development of skill-based professionals & entrepreneurs and their capacity building for self-employment as well as generating employment for others. SRHU addresses the existing challenges by following a redressal approach for facilitating transformational changes by providing the power of education and knowledge.

In the first phase, SRHU became functional in 2013 with three constituent colleges/schools, namely, Himalayan School of Science & Technology (HSST), Himalayan School of Management Studies (HSMS) and Himalayan College of Nursing (HCN). Thereafter, with effect from 1st June 2014, Himalayan Institute of Medical Sciences (HIMS) with its 1200 bed super- specialty hospital has been added as constituent college/academic units of SRHU. The University offers Diploma, UG, PG courses and Ph.D. program in various specialties.

Over the journey of eight years of the University, the students' strength as on date has grown tremendously. Faculty members & staff are our strength.

Not only faculty members, but also the students, are involved in research projects which are either funded by the University or external agencies like ICMR, DST, UCOST, NIPCCID, RNTCP etc. Publication of research papers by faculty members is a regular process. Research publications of faculty members in numerous indexed national & international journals is on the increase every year. The students have developed various useful projects under the able guidance of mentors. The University provides financial incentive to faculty members for paper publications and research projects.

Under a well defined policy of the University, financial support is provided to the faculty members & staff for attending conferences, workshops, seminars, training sessions and other programmes either in the country or overseas.

Meritorious students from financially weak background are provided financial assistance in the form of waiving-off their tuition fee by the University during the past four years. In addition, the University awards 'Merit cum Means Scholarship' to the students.

Last, but not the least, the University is actively involved in contributing meaningfully towards the growth of the State of Uttarakhand and Nation by providing education, training, research activities, effective health care services including super specialties at affordable cost under one roof and outreach activities for the social cause.

डिजिटल युग में आंखों का रखें ख्याल

संवाद सूत्र, ढोईवाला : हिमालयन अस्पताल की नेत्र रोग विशेषज्ञ डॉ. रेनू धस्माना ने डिजिटल युग के साइड इफेक्ट के बारे में जानकारी दी।

डॉ. रेनू धस्माना ने कहा कि कोरोना काल में छात्र-छात्राओं को सभी विषयों के लिए पढ़ाई ऑनलाइन करनी पड़ रही है। इससे उनकी आंखों पर जोर पड़ रहा है। कंप्यूटर विजन सिंड्रोम व डिजिटल आई स्ट्रेन पर उन्होंने कहा कि लंबे समय तक मोबाइल, कंप्यूटर, टैबलेट पर काम करने से हमारी आंखों पर पड़ रहे दुष्प्रभावों के नींद आना, कंधों में दर्द होना। बच्चों को अक्सर आंखों को सड़ते हुए देखते हैं। आज के समय

नेत्र रोग विशेषज्ञ डॉ. रेनू धस्माना।

में बच्चे को मोबाइल फोन गेम खेलने व मोबाइल के प्रयोग से बचाना होगा। किताब या अखबार पढ़ते समय हम

एक उचित दूरी का ध्यान रखते हैं। जबकि मोबाइल, कंप्यूटर के प्रयोग करते समय हम उसके अत्यधिक नजदीक चले जाते हैं। हमें डिजिटल का प्रयोग करते समय निश्चित दूरी बनानी होगी।

मोबाइल प्रयोग में यह भी दिक्कत है कि उसका फॉन्ट साइज एक जैसा नहीं होता। कहीं पर छोटा होने से भी हमारी आंखों में जोर पड़ता है। डॉ. धस्माना ने आंखों की सुरक्षा पर सलाह दी कि कंप्यूटर व मोबाइल के प्रयोग के समय से अपनी आंखों की पलकों को झपकाएं, साथ ही उन्होंने आंखों को स्वस्थ रखने के लिए व्यायाम भी बताए।

NEP 2020 –a milestone in nation building

A pilot on the population of youth in India is about 15 per cent of the total population of the country. The Central and state governments are responsible for providing facilities to these youths for education at every level.

The nation had to wait 14 years for the new education policy. Before giving the final steps to such an important policy, suggestions were taken from people of 23 Lakhs Gran Parishads, 6,600 blocks and 62 districts. This is the first time in Indian history which system was taken from the people to make a large scale.

The new education policy will prove to be a milestone in the development of the nation. For this, it is to be concentrated

the Prime Minister Narendra Modi. The hard working Union Education minister Ramesh Pokhriyal 'Nishank' deserves appreciation for this development. This commitment chairman K. Kampanjan and all its members also deserve a place of honour.

Importance of skill change

At various levels more efforts needed to facilitate world class education in the nation as per the demand of the time. The new National Education Policy (NEP) makes provision for major changes in the primary, secondary and higher education levels.

Higher education

For higher education, the policy has set a target for 100 per cent gross enrolment ratio by 2030. A decision was taken to invest education upto class

V in mother tongue or the regional language(s). Gaining education in regional/ethnic language will be easy, convenient and interesting for the children and elicit their interest in education in such a way that they will be able to achieve for them. Education in the regional or mother tongue will also be convenient for the teachers, in the rural areas, the parents will also be able to easily explain to their school going children at home.

The NEP will make it easier at the school level to encourage language skills, scientific temper, creativity and critical thinking. Further, provisions have been made for integrating vocational education from class VI which will

make it possible to gauge the interests of a child. This will make it easier to encourage a child to move forward according to his or her interests. Additionally, provision has also been made to run separate camps for students to receive commercial education from the start which is a commendable step. Due to this, youth will learn about all subjects in the beginning.

In the sphere of higher education, the new education policy has set a target for a 50 per cent gross enrolment ratio by 2015. The policy has also set a target for establishing 300 research universities, 1,000 education and research universities and 10,000 autonomous degree colleges. At present, major research in-

bringing order into a very hazy university. The purpose of research has been relegated to securing a promotion. There is a dearth of quality publications. Finnish universities will find that energies fully employed in the past years, which will encourage quality research in the country.

Attempts will also be made to grant autonomy to as many degree colleges as possible so that they do not depend on universities even for small tasks and will be able to change their curriculum on their own. The new education policy also lays stress on granting greater autonomy to universities which will prevent unnecessary interference in the running and management of these universities.

ation. Setting up of multidisciplinary institutions will provide an opportunity for faculty and students to organize and work with each other under the same roof while also undertaking research and innovation for the common good of the times. The selection of subjects has been kept flexible to encourage wholesome and multidisciplinary education among the students. I

The students will now be able to gain admission at various levels and be able to change the stream of their education. Stress has been laid on the importance of giving equal weightage to both the faculty and the master degree which provision has been made for streamlining MPhil degree which is commendable.

Another important step in the new policy is the urging of all universities and higher education institutions making their infrastructure, faculty, staff and other resources public. Whereas all necessary information will be available on the public portal, the regulatory authority will not need to conduct inspection which will end inspector-fee. This will result in progress of good and high quality universities/institutions and closure of inferior and inactive institutions.

The new education policy has also made provision for strengthening of two-tier education with teacher and professional education, which will enable the teachers to gain knowledge of professional skills

ation along with vocational education. Further, like there is a special economic zone for industries, provision has been made for special education zone for education. This provision will help to establish centres of good higher educational institutions in such areas where such institutions have not been set up prior.

In the context of Uttaranchal if such special education zones are established in the reconstituted regions, the local youth will definitely be able to gain quality education in the reconstituted regions itself.

स्पेशल एजुकेशन जोन के प्रावधान से होगा फायदा : डॉ. विजय उजाला

संस्था
अंक ३१०३

देश की नई शिक्षा नीति को लेकर उत्साहजनक के अलावा निर्वाहक क्या सोचने हैं, इस पर जारी है यह खास स्पष्टाकरण सर्वज्ञ डॉ. अमर उजाला स्वामी राम विमलचन्द्र प्रुनियार (एसआरएफए) के वाइस चैंसलर डा. विजय धामनी के बिचार। अमर उजाला ब्लूगे से बातचीत के अंत

■ केंद्र की नई शिक्षा नीति में उत्साहजनक के लिए क्या बिचने है?

प्रदेश के लिए अहम की बिस्तरा है। जैसे उद्योगों के लिए एग्रेगेशन एजुकेशन जोन होई है, वैसे ही शिक्षा के लिए भी स्पेशल एजुकेशन जोन बनने का प्राधान्य रखा गया है। इससे धेरें धेरें ही वो उच्च शिक्षा के जरूरी संसाधन कुलुमें में बढ़ाई मिलने वाला गुणवत्तापूर्ण शिक्षा प्रदान करने वाला संस्था अथवा संस्थान बनै है। उत्साहजनक के दुर्गम प्रांत इलाकों में स्पेशल एजुकेशन जोन बनकर पावे हैं वो इलाकों की अल्पसंख्यक शिक्षा बढ़ाई में हो मिले जाला। एजुकेशन जैसे मेसोरो इलाकों में पढ़ने में ही एजुकेशन हल के रूप में बिचारल गइल है।

■ इस नीति में प्राथमिक कुलुमी शिक्षा के लिए क्या खास है?

सबसे पहिले के स्तर पर वर्ष 2030 तक 100 प्रतिशत सकल प्राधान्य

अनुदान लाने का लक्ष्य रखा गया है। 5वीं कक्षा तक की शिक्षा को मातृ या शैलीय भाषा में प्रदान किए जाने का निर्णय शिक्षा मंत्र है। शैलीय भाषा में शिक्षा ब्रह्म कण का बच्ची के लिए अत्यंत उपयोगी साबित होने के लिए उम्मीद होई। शैलीय अथवा मातृ भाषा में शिक्षा प्रदान करने में अस्थापक को भी सुविधा मिले। एग्रेगेशन नीति में माता-पिता भी समर्थन देने वाले बच्ची को घर में अस्थापनी में प्रवेश पावे।

■ क्या इसमें व्यावसायिक शिक्षा के लिए भी कुछ है?

इसमें कुछ 6 से कोकेशन शिक्षा को एजुकेशन करने के प्राधान्य मिले गावे है। इसमें कपटन में ही बच्ची को शिक्षा को भीया जा सके। कला, विज्ञान, अर्थशास्त्र को शिक्षा को प्रदान में ही अग्रिम-अग्रिम नई करने का प्राधान्य मिले गावे है जो कि सरकारी कक्षा में। इस प्राधान्य में बच्ची उम्मीद में नई विषयों का ज्ञान प्राप्त कर सकेंगे।

■ और क्या शिक्षा के लिए?

नई शिक्षा नीति में उच्च शिक्षा के क्षेत्र में सकारात्मक अनुशा की वर्ष 2035 तक 50 प्रतिशत का लक्ष्य रखा गया है। लगभग 300 अनुशासन निर्णय, 2000 शिक्षण व अनुशासन निर्णय व 10,000 संपादन निर्णय कलेजी को प्रोत्साहन करने का लक्ष्य निर्धारित किया गया है। अनुशासन निर्णय/विधान/युक्ति तद्वत् से गुणवत्तापूर्ण अनुशासन पर अग्रणी उपाई बेजुत करने में शिक्षा मंत्रालय को अधिक स्वायत्त देने पर धन दिया गया है। इनके संपादन व अग्रिम में अस्थापक सहायता रहेगी।

■ कौनसे प्रदेशों में संवर्धित क्या नया सुधार नई नीति में है?

बिहार/उत्तर प्रदेश व उच्च शिक्षण संस्थाओं द्वारा एग्रेगेशन, फैकल्टी, स्टूडेंट्स व अन्य कुलुमीयों को सार्वजनिक रूप पर जाले दिया गया एक महत्वपूर्ण कदम है। इससे विषयक बिस्तरा द्वारा एजुकेशन करने की आवश्यकता नहीं रह जावेगी। साथ ही कोकेशन एजुकेशन एग्रेगेशन प्रवृत्तियों के साथ एडिटेड करने में प्राधान्य मिले गा। इससे अस्थापक को प्रोत्साहन एजुकेशन के साथ-साथ कोकेशन एजुकेशन का भी ज्ञान होवे।

Positive attitude & responsible public behaviour vital amidst pandemic: Vijay Dhasmana

PRAS DEHRADUN

At a time when the whole world is grappling with the Covid-19 pandemic, it is vital for the public to maintain a positive frame of mind while also behaving responsibly and observing all the precautions and guidelines issued by the doctors and administration. People are still taking the virus lightly, not wearing masks in public and flouting social distancing which is not the way to deal with the pandemic. The vice chancellor of Swami Rama Himalayan University (SRHU) and member of the presidential body of Himalayan Institute Hospital Trust (IHHT), Vijay Dhasmana said this in an online interaction with The Pioneer on Sunday.

He said, "Even developed nations are beset by Covid-19 with reports on research work informing that the virus has mutated about 10 times so far. In such a situation, it is vital to avoid negativity as that also affects our immune system. One must have a positive attitude, patience and follow necessary guidelines. However, people are taking the virus lightly and flouting the guidelines. If people don't behave responsibly, it is pointless to simply blame the government

for the outcomes."

Regarding what the IHHT has been doing since the start of the pandemic and the challenges he foresees, Dhasmana said that thousands of ration packets were distributed to daily wageers and the poor in various locations during the lockdown. "At our hospital, we have made arrangements in a separate building for Covid patients. There is no major medication for such patients who basically need monitoring and isolation. However, about 40 per cent of the Covid patients we receive need oxygen. Since there are no big hospitals in the mountainous regions, such patients might also come down to the plains for treatment. Arrangements will have to be made for more oxygen and only patients with severe symptoms should come to the hospital. Those with no or minor symptoms should stay under home isolation on the doctor's advice. However, presently the biggest challenge is public behaviour: people should not behave irresponsibly when we are fighting an invisible enemy. It is up to us to be aware and take care of ourselves to avoid getting infected

and if one gets infected then one must ensure that others aren't."

The founder of IHHT, Swami Rama was guided by the will to serve society through the institutions. However, some perceive that now these institutions have become commercially inclined. Responding to this, Dhasmana said, "Assumption and presumption are also diseases. Our institution is a result of Swami Rama's pioneer-ship, and will never be a commercial institution as our main motive is service. At our hospital we have about 3,000 people working. Our monthly expenditure on salaries alone is about Rs 15 crore while another Rs 15 crore is needed to meet our operational expenses. We recently calculated that in our general ward the cost we incur per day on one bed is Rs 1,100 but we are charging Rs 400 from the patient while also providing three meals apart from the services of doctors and nurses.

There is no pressure on our doctors to meet revenue targets as there are no unethical practices, unnecessary tests or surgeries. We provide treatment worth up to Rs 10 crore every year free of cost. Our hospital has treated the maximum

number of people under the Arohan Bharat scheme in India. Last year we awarded scholarships amounting to about Rs 15 crore. We are working in 2,000 villages in the mountains on health, education and income generation. We also provided drinking water connections in 450 villages and helped build 14,000 toilets. An institution focused

on profit and guided by commercialisation would not do all this. However, we do need money to maintain ourselves and work on a no-profit no-loss basis."

Regarding future plans for SRHU, he said that a university should focus on the needs of the society and research for upliftment. "We want to turn youths into entrepreneurs, not

simply prepare them for clerical jobs. We will collaborate with the United Kingdom's Global Health Alliance and are planning to start some new courses soon. Our major focus is on how to improve the lives of those living in the mountains. Apart from this, we have a system in our medical college. We provide free education to the students who are selected

but are unable to pay their fees. However, we make them sign a bond to serve in the mountainous regions for four to five years after completion of their studies."

The SRHU VC further said that he considers the return of lakhs of Uttarakhandis to their villages and towns during the pandemic a big opportunity for all. "I tell such youths that it is

much better to live in mountains than in congested lanes in cities. We are descendants of very hard working people who carved out mountains to make farms and settle villages without any of the machinery available to us now. I believe it is vital to encourage agriculture, horticulture and livestock along with tourism and wellness. We are planning to soon start training youths for homestays in the mountains. We will start with 100 youths from diverse locations including Chakrata, Dhanu, Sem Mukhom, Tadkenhwa, Gangotri, Yamunotri, Haridwar, Rudra Kedar, Badkot, Kolarhwa, Chopra, Muna and Ugam among other places. Our university will teach these youths the skills needed for a successful homestay venture. Apart from this we are also trying to encourage our traditional organic farming. Recently, I asked residents of 18 villages in the Tehri area to supply the pulses they cultivate to us. We have about half a dozen messes, so we will buy these pulses from the farmers of the 18 villages."

TRAINING TO 100 YOUTH ON HOME STAY SCHEME **28TH OCTOBER 2020**

SRHU, VC Vijay Dhasmana walks 'The Pioneer Talk'

PNS ■ DEHRADUN

In an endeavour to develop skills of local youth, the Swami Rama Himalayan University (SRHU), Jollygrant has decided to provide training to 1000 youths on various aspects of home stay scheme. In the initial phase, 100 youth will be given free training.

For the purpose the university has entered a Memorandum of Understanding (MoU) with Learn-it, an organization working in the field of self-employment. Under this, learn-it

experts will train youth in SRHU. It is worth mentioning here that the Vice Chancellor (VC) of the university, Vijay Dhasmana had made an announcement for his intention for such an endeavour during his interaction with The Pioneer during the popular 'Pioneer Talk' programme recently.

Dhasmana said that the focus of SRHU is not just on giving book knowledge to the youth and distributing degrees to them. "Our aim is to prepare students in that direction by understanding social needs. Our focus is on introducing courses through which youth can become self-reliant rather than jobs and a source of inspiration for society.

Uttarakhand has immense potential in the fields of agriculture, horticulture, floriculture, tourism and wellness.

The youth of Uttarakhand can become self-reliant by working in the field of home stay. On a very large scale, SRHU is going to train the youth for home stay.

Many youths from Uttarakhand have returned during the Covid period and they have experience of working in hotels. These youth will be selected and they will be linked with the home-stay business," he said. The SRHU plans to support these youths after the training so that they can become successful entrepreneurs. In first batch, 100 youths will be given completely free vocational training.

The duration of this training will be around 200 hours, which will be completed in different stages. Interested youth can contact on phone number + 91-7869568769 for more information.

जिन्होंने इंटरवेंशनल नेफ्रोलॉजी में विधिवत प्रशिक्षण प्राप्त किया है। डॉ. शहबाज अहमद ने बताया कि उन्होंने सिंगापुर के जनरल हॉस्पिटल में डॉ. तान ची सुआई के निर्देशन में इंटरवेंशनल नेफ्रोलॉजी में प्रशिक्षण को पूरा किया। भारत में अभी यह नया क्षेत्र है जबकि कई विकसित देशों में इंटरवेंशनल नेफ्रोलॉजी का प्रयोग हो रहा है। डॉ. शहबाज भारत के कुछ चुनिंदा नेफ्रोलॉजिस्टों में से एक हैं जिन्होंने इंटरवेंशनल नेफ्रोलॉजी में विधिवत

प्रशिक्षण प्राप्त किया है। इसके तहत उन्हें एंजियोग्राफी, एंजियोप्लास्टी और श्रोम्बोलिसिस का गहन प्रशिक्षण दिया गया। प्रशिक्षण के दौरान उन्हें सिंगापुर में अमेरिका से अलग अनुभव प्राप्त हुआ। सिंगापुर में उन्हें रोगी पर इसका हैड्स ऑन प्रशिक्षण मिला, वहीं अमेरिका में विदेशी डाक्टरों को अधिकांशतः बिना मरीज को छुए मात्र देखने की अनुमति होती है। उन्होंने बताया कि हिमालयन इंस्टीट्यूट ऑफ मेडिकल साइंसेज में इंटरवेंशनल नेफ्रोलॉजी शुरू होने से

क्या है इंटरवेंशनल नेफ्रोलॉजी

इंटरवेंशनल नेफ्रोलॉजी, नेफ्रोलॉजी की ही एक उभरती हुयी सबस्पेसिलीटी है। लंबे समय से गुदें की बीमारी या गंभीर स्थिति से जूझ रहे रोगी को डायलिसिस की जरूरत होती है। बीमारी से जूझ रहे रोगी को डायलिसिस के दौरान समस्याएं भी आती हैं। जैसे डायलिसिस फिस्टूला में सिकुड़न आना या थक्का बनकर बंद हो जाना, डायलिसिस कैथेटर का काम नहीं करना इत्यादि। इंटरवेंशनल नेफ्रोलॉजी इन्हीं समस्याओं के निदान में सहायक होती है।

गुदें की गंभीर बीमारी से जूझ रहे रोगी लाभान्वित होंगे। इसके साथ ही आयुष्मान भारत योजना में इंटरवेंशनल नेफ्रोलॉजी के शामिल होने से गरीब मरीजों को इसका अत्यधिक लाभ मिलेगा।

डोईवाला, लोकसत्य।

आयुष्मान योजना के तहत रोगियों को गुणवत्तापरक स्वास्थ्य सेवा देने में हिमालयन हॉस्पिटल जौलीग्रांट देश में अग्रणी रहा है। साल 2020 में आयुष्मान योजना के तहत हिमालयन हॉस्पिटल में करीब 26 हजार रोगियों का उपचार निशुल्क किया गया।

कुलपति डॉ. विजय धस्माना ने

बताया कि कोरोना संकट काल में भी हिमालयन हॉस्पिटल रोगियों को गुणवत्तापरक स्वास्थ्य सेवा देने में पीछे नहीं हटा। आयुष्मान योजना के तहत रोगियों को निशुल्क उपचार देने में हिमालयन हॉस्पिटल ने एक मिसाल कायम की है। आयुष्मान योजना साल 2018 के आखिर में लागू हुई। इस दौरान करीब चार हजार से ज्यादा रोगियों का उपचार किया गया। दूसरे वर्ष 2019 में करीब 25 हजार जबकि तीसरे वर्ष 26 हजार रोगियों का आयुष्मान

योजना के तहत निशुल्क उपचार का लाभ उठाया।

हिमालयन देश का पहला आयुष्मान गोल्ड सर्टिफाइड टीचिंग हॉस्पिटल

हॉस्पिटल ने आयुष्मान योजना के अंतराष्ट्रीय स्वास्थ्य मानकों के तहत सबसे ज्यादा रोगियों का निशुल्क उपचार के साथ ही गुणवत्तापरक स्वास्थ्य सुविधा भी मुहैया करवाई। इसके लिए भारत सरकार ने हिमालयन हॉस्पिटल को 'आयुष्मान

अब तक 55000 से ज्यादा रोगियों का उपचार

कुलपति डॉ. विजय धस्माना ने बताया कि अटल आयुष्मान योजना लागू होने के प्रथम वर्ष में ही हिमालयन हॉस्पिटल के नाम एक बड़ी उपलब्धि दर्ज हुई थी। इस योजना के तहत रोगियों का उपचार करने में देशभर में हिमालयन हॉस्पिटल अग्रणी रहा। वर्तमान में अब तक 55000 से ज्यादा रोगियों का उपचार किया जा चुका है।

गोल्ड सर्टिफिकेशन का दर्जा दिया। कुलपति डॉ. विजय धस्माना ने बताया कि आयुष्मान गोल्ड

सर्टिफाइड के मानक कितने कठिन हैं इस बात से समझा जा सकता है कि भारत में करीब 650 मेडिकल कॉलेज हॉस्पिटल हैं। इनमें से हिमालयन देश का एकमात्र टीचिंग हॉस्पिटल है जो 'आयुष्मान गोल्ड सर्टिफाइड' है।

क्या होता है आयुष्मान गोल्ड सर्टिफाइड

अटल आयुष्मान योजना (उत्तराखण्ड) निदेशक एडमिनिस्ट्रेशन एवं मेडिकल क्वालिटी डॉ. अर्चना श्रीवास्तव ने बताया की आयुष्मान योजना से संबंधित अस्पतालों के लिए ब्लॉज, सिल्वर व गोल्ड तीन श्रेणियां बनाई गई हैं। इन श्रेणियों में गोल्ड श्रेणी में सर्टिफिकेशन सर्वश्रेष्ठ होता है। गोल्ड सर्टिफिकेशन उन्हीं हॉस्पिटल को दिया जाता है जिनमें रोगियों को उपचार में गुणवत्ता के सर्वोच्च मानक स्वास्थ्य सुविधा दी है।

स्पाइन सर्जरी का मुख्य केंद्र बना हिमालयन हॉस्पिटल

शाह टाइम्स संवाददाता डोईवाला। बीते वर्ष में जब सारा देश कोरोना महामारी से जूझ रहा था तब हिमालयन हॉस्पिटल जौलीग्रॉउट की न्यूरोसर्जरी विभाग की टीम ने रोगियों को सुरक्षित व बेहतर स्वास्थ्य सेवा प्रदान की। जिसमें स्पाइन सर्जरी के रोगियों की संख्या अधिक थी।

हिमालयन हॉस्पिटल जौलीग्रॉउट के न्यूरोसर्जरी विभागध्यक्ष डॉ. रंजीत कुमार ने बताया कि वर्ष 2020 में जनवरी से लेकर दिसम्बर तक कुल 715 ऑपरेशन किये गये। जिसमें सिर्फ जटिल स्पाइन सर्जरी के 350 मरीजों का सफल ऑपरेशन किया गया। इन मरीजों में दुर्घटना के कारण होने वाले रीढ़ की हड्डी के फ्रैक्चर, स्पाइन ट्यूमर, स्पाइन टीबी, कैंसर, डिस्क सर्जरी (साइटिका) के मरीजों की संख्या अधिक थी,

■ न्यूरोसर्जरी विभाग ने की 350 सफल स्पाइन सर्जरी
■ स्पाइन किसी भी प्रकार की चोट को गंभीरता से लें

जिनका सफलतापूर्वक ऑपरेशन हुआ। इनमें कुछ छोटे बच्चों में जन्म से रहने वाली रीढ़ की हड्डी के फोड़े एवं गैंग का भी सफल ऑपरेशन किया गया। विभागाध्यक्ष डॉ. रंजीत कुमार के अलावा डॉ. बिजेश तिवारी

स्पाइन इंजरी को नजरअंदाज न करें

डॉ. रंजीत कुमार ने बताया कि स्पाइन को किसी भी प्रकार की चोट को नजरअंदाज नहीं करें। यदि किसी को स्पाइन से संबंधित कोई परेशानी है तो ऐसे में चिकित्सकीय परामर्श अवश्य लें। स्पाइन सर्जरी कराने में किसी भी प्रकार की दिक्कत नहीं आती। लोगों में मिथक है कि स्पाइन सर्जरी नहीं करानी चाहिए। बल्कि स्पाइन इंजरी को इलाज न करा के कई बार मरीज अपनी परेशानी को और बढ़ा लेता है।

सर्जरी में अत्याधुनिक उपकरणों का इस्तेमाल

स्पाइन से संबंधित हर सर्जरी में अत्याधुनिक उपकरणों जैसे माइक्रोस्कोप, ड्रिल सिस्टम, क्लैंप सिस्टम का उपयोग किया गया। हिमालयन हॉस्पिटल की अत्याधुनिक न्यूरोसर्जरी ओटी की 3 न्यूरोसर्जन की टीम सम्भालती है। हर एक केस के विषय में मरीजों को विस्तार से जानकारी देने के बाद यह टीम ऑपरेशन करती है और मरीजों को एक नया जीवन मिलता है।

एवं डॉ. संजीव पंडेय, 24 घण्टे में सौधे भर्ती किया गया और शीघ्रता सही प्रकार के आपातकालीन सर्जरी के लिए उपलब्ध रहे। दूर दराज इलाकों से आए हुए मरीजों को रात में सोधे भर्ती किया गया और शीघ्रता के साथ उपचार और सर्जरी की गयी। जिससे की नसों में ताकत वापस आने की सम्भावना कई गुना

आयुष्मान योजना के तहत की गयी 80 प्रतिशत सर्जरी

केन्द्र सरकार की ओर से प्रदेश में लागू आयुष्मान योजना के तहत अधिकतर ऑपरेशन किये गये। इसमें भी 80 प्रतिशत सर्जरी आयुष्मान योजना के अंतर्गत की गयी। प्रदेश के कई शहरों से आये गरीब लोग इस योजना से लाभान्वित हुये।

बढ़ जाती है। इस वर्ष किए गये ऑपरेशनों में सबसे अधिक संख्या स्पाइन सर्जरी को है जो सफल सर्जरी का प्रतीक है। स्पाइन से संबंधित किसी भी बीमारी से पीड़ित मरीजों के लिए यह सुविधा उपलब्ध है और अधिकतर मरीज दो से तीन दिन में ही चलने के बाद घर जाने योग्य हो जाते हैं।
